3. Select Specifics in Product (age, start date & rental length)

4. Add to Cart

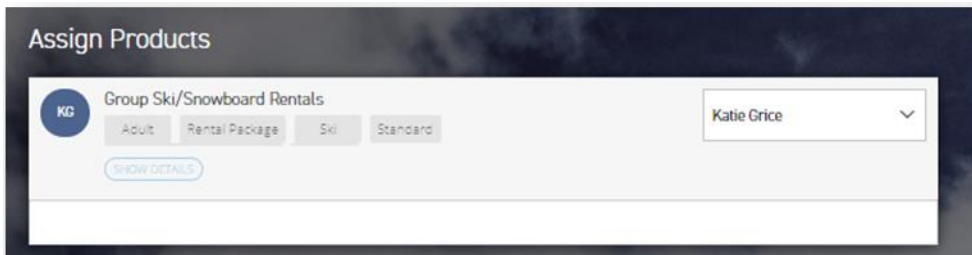

5. Check out

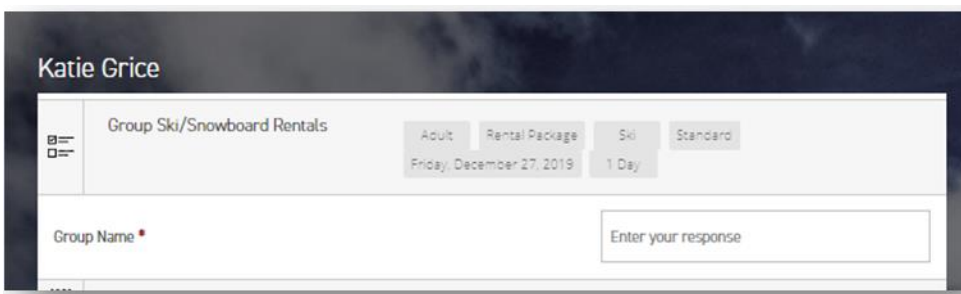

6. Assign Products

Select Group Member. If Group Member doesn't exist, create one.

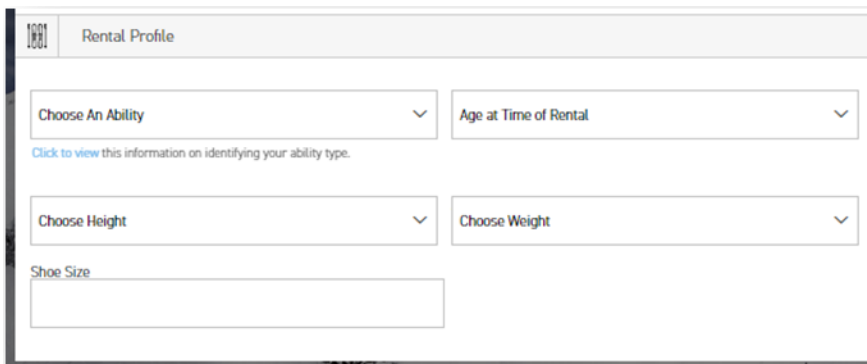

The screenshot shows a web interface titled "Assign Products". On the left, there is a circular profile icon with the initials "KG". To its right, the text "Group Ski/Snowboard Rentals" is displayed. Below this, there are four tabs: "Adult", "Rental Package", "Ski", and "Standard". A "SHOW DETAILS" button is located below the tabs. On the right side of the interface, there is a dropdown menu currently showing "Katie Grice" with a downward arrow.

7. Add Group Name into field

The screenshot shows a profile page for "Katie Grice". At the top left, there is a hamburger menu icon. The profile name "Katie Grice" is at the top. Below it, the group name "Group Ski/Snowboard Rentals" is shown. There are tabs for "Adult", "Rental Package", "Ski", and "Standard". Below the tabs, the date "Friday, December 27, 2019" and "1 Day" are displayed. At the bottom, there is a form field labeled "Group Name" with a red asterisk, and a text input box with the placeholder "Enter your response".

8. Create Rental Profile

The screenshot shows a "Rental Profile" form. It contains several dropdown menus: "Choose An Ability", "Age at Time of Rental", "Choose Height", and "Choose Weight". Below these is a text input field for "Shoe Size". A link below the "Choose An Ability" dropdown reads "Click to view this information on identifying your ability type."

9. Enter billing requirements and save confirmation for pick up
